J. W. Buttrick, Jr.
Guy Arnold
Clyde S. Eaton
Rosario Bernier
James C. McCuddy

Article 8: Voted to appropriate the sum of \$1,000.00 to purchase a fence and gate, and make other improvements at the easterly part of the Pleasant Street Cemetery, this money to be taken from the Myrtle M. Marsh Fund "for the improvement of the new part of the Cemetery."

Article 8: Voted to establish a "mercury" street light at the junction of Pleasant and Main Streets.
Voted to adjourn at 8:55 P.M.

T. A. EATON, Town Clerk

REPORT OF BUDGET COMMITTEE

The Budget Committee met with all the departments and discussed their submitted budgets. We found most department heads fair and considerate in their demands. Our recommendations were passed on to the Selectmen for their consideration and approval and most of the budgets as provided in the town reports are as we recommended. We have received a demand from the police department which is an article in your warrant. This we passed on to the Selectmen without recommendation as it should be discussed more fully at town meeting. It is also at the recommendation of the Budget Committee that you find an article to discuss the advisability of centralizing all supervision of departments as a possible saving to the town.

We wish to thank all the very cooperative departments.

Respectfully submitted for the Committee,

J. C. CAOUETTE, Chairman

AUDITOR'S REPORT GREENVILLE WATER COMMISSION

We have examined the cash receipts and disbursements journals and have verified the cash balance as of December 31, 1960.

The financial status of the Water Department is in serious trouble because the expenditures during 1960 exceeded the revenue.

Upon examination of the individual accounts it was noted that a substantial amount of money is owed the department.

Both business and private accounts have been allowed to accumulate; in some instances as long as three years without even a token payment.

It is our opinion that the Commissioners should make a much more vigorous effort to collect these accounts.

REPORT OF FIREWARDS

We herewith submit our annual report of the activities of the fire department for the year of 1960.

We had one major fire, which was the barn of Maurice Stone.

A broken hydrant was replaced with a new type hydrant at the corner of Granite and Pleasant Streets.

One half of the fire station was painted. A few fire drills were held.

Respectfully submitted,

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed — all because MANY are CARELESS with fire in and near woodland. This can be remedied. You can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First — by setting a good example YOURSELF — being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second — by using YOUR individual influence in your community and valued counsel with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning — don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles — make sure they are out — use your ash tray.
5. Don't burn at home — use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires 1.
Number of acres burned spot.
Number of permits issued 77.

**REPORT OF LIBRARIAN
CHAMBERLIN FREE PUBLIC LIBRARY
YEAR OF 1960**

Once again it is time for the Librarian to make her annual report to the trustees.

We feel that the Library has been a vital part of the community this past year. More and more school children are using the Library for reference work and just reading for pleasure.

The Story Hour for Grades 1, 2 and 3 was well patronized and the Reading Contest for Grades 4, 5 and 6 was quite successful, with Jane Eaton the top reader.

The number of patrons of the Library this year was 5,660 and 6,896 books were loaned. Of these 2,679 were non-fiction, which is always gratifying to a librarian.

The Library observed National Library Week by holding Open House on April 7 and on April 3 the librarian, Mr. Kimball, Mrs. J. W. Buttrick, Sr, trustee, Esther Kimball and Doris Wheeler attended the Open House of the Peterborough Library.

In March Mrs. Kimball and Mr. Robert Taft, trustee, attended the neighborhood meeting held in Mason Library. This meeting was devoted to a discussion of children's books and reading programs for elementary grades.

For attending this meeting the Library was presented by the New Hampshire State Library with three books: "The Way of The Story Teller", by Ruth Sawyer and two books of interest to young people, "Witches, Witches, Witches" and "Champlain of the St. Lawrence."

In November Mrs. Buttrick, trustee and Mrs. Kimball went to the Fall Neighborhood Meeting at the Gregg Free Library in Wilton. The theme of this meeting was "Teen-Agers and their reading interests."

We gratefully acknowledge the many books given to the Library during the past year by interested friends of the library. Miss Esther Kimball presented the Library with a subscription to the magazine, N. H. Profiles, and Mrs. Florence Robbins Clarke gave many old Town Reports in memory of her father, George Robbins. Memorial Books were also given by the Greenville Women's Club and friends in memory of Mrs. Adelaide Parker and Mrs. Jeanne Poirier.

On December 15 the Librarian met with Mrs. Marjorie Hopkins, Public Library Consultant, of the State Library for an afternoon of exchange of ideas and the understanding that the State Library is always ready and willing to give any assistance needed.

The Bookmobile has made its usual visits to the Library and it was with regret that we learned the Bookmobile Librarian, Mr. Charles Mauru, was leaving to take a position as Librarian at Plymouth Teacher's College. We are looking forward to a pleasant association with the new Bookmobile Librarian. This year we have borrowed an average of 150 books each trip. As usual we have filled many requests for "technical", "How-to-do-it" and non-fiction books, through the State Library extension service.

The trustees and the Librarian met with a representative of the Collier Corp. and as a result of this meeting purchased a 20 volume set of the 1960 edition of Collier's Encyclopedia, and a book-case for the set. This encyclopedia fills a need for a set on the Junior and Senior High School levels, filling the gap between Jr. Britannica and the Encyclopedia Britannica which we owned. Also bringing our reference material up to date, "The Atlantic Monthly," has been added to our list of magazines.

December 29 the Library sponsored a "film showing" for the children who participated in the Summer Reading Contest and the Story Hour. The films are loaned to us by the State Library at no cost except for the return mailing fee. We are grateful to the Public School for the use of their projector and to the Federated Church for the loan of a screen.

About 30 youngsters, in spite of a snowy night, enjoyed the films, "The Legend of the Christmas Deer," "A Trip to the Moon," "In Paris Parks," and "The Magic Fiddle." It is the hope of the Librarian to make this a regular service of the Library and in the Spring we will have a "movie" for all the school children.

In 1961 the Library will again participate in National Library Week with Libraries all over the United States. The date will be April 16 - 22. Visit your Library during this week and make it a habit in the New Year.

For a richer, fuller life year 'round — Read!

REPORT OF LIBRARY TRUSTEES

The 1960 Budget Committee recommended that the Town pay the expenses of lighting and janitor service for the library in lieu of an increased appropriation. The trustees were also advised to use the balance on hand of \$263.89 for the purchase of a set of reference material. Collier's Encyclopedia in twenty volumes and a bookcase were chosen at a cost of \$216.60, a special educational discount price. Some science material has also been purchased.

The need for a substitute librarian is still acute. No money is available to pay a person while learning and no interested townspeople have volunteered as a civic duty. The trustees appreciate Mr. Russell Kimball's service all year long and especially while Mrs. Kimball was ill — without his assistance, the library would have been closed. It is the feeling of the trustees that we have in Mrs. Kimball, the finest type of librarian, always familiar with her resources in our library and always cheerful about obtaining books elsewhere when the need is made known.

Formation of a civic group known as "Friends of the Library" would certainly be a great asset in view of the limited funds available to operate our library. Many towns throughout the state are organizing such groups which help to stimulate interest in the libraries and sponsor fund raising programs. The trustees urge the townspeople to visit our library to see for themselves what it offers.

In 1932 Mr. Eugene H. Coffin was elected to serve as a library trustee and he also served as chairman of the board for a number of years. Following the death of Mr. J. C. Taft, he was made treasurer in 1947 and continues in that capacity, taking over the duties during the months he is in Greenville. His record of interest in serving the community is an outstanding one and we honor him for continuing in office.

AUDITOR'S REPORT

We have examined the accounts of the following town officers: Selectmen, Town Treasurer, Tax Collector, Town Clerk, Firewards, Library Trustees, Municipal Court, Road Agent and Trustees of Trust Funds for the fiscal year ending December 31, 1960 and find them correctly cast and properly vouched.

As required by the State Tax Commission, we examined the list of unpaid taxes and found this list correct.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

**To the Inhabitants of the School district in the town of
Greenville qualified to vote in district affairs:**

You are hereby notified to meet at the Town Hall in said district on the 13th day of March 1961, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose Clerk for the ensuing year
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the School District will vote to raise and appropriate a sum not to exceed \$22,600.00 for the tuition of High School children of Greenville attending Appleton Academy in lieu of \$24,300.00 currently stated in the School Board's Budget for this purpose, or take any action relating thereto.

Given under our hands at said Greenville this 15th day of February, 1961.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Greenville, I respectfully submit my fourth annual report as your Superintendent of Schools.

STAFF AND INSTRUCTION

The Greenville school opened this past fall with but a single change in staff. Mr. Lawson Hatfield, of Scarborough, Maine, was hired to teach in grades seven and eight, replacing Miss Joanne O'Sullivan. Mr. Hatfield is a graduate of Gorham State Teachers' College in Maine, with two years of teaching experience in the elementary schools in Scarborough. Fortunately, other teachers of the staff continued in the positions which they held during the previous year. Miss Elsie Wheeler continues as Music Supervisor, Charles Roots as Custodian, and Mrs. Laila Luhtala as School Nurse, and Dr. Robert Wellwood as School Health Officer.

There is no question but that the continuing of the major part of the school staff has greatly strengthened the academic program being offered to the children of the community. At the fifth, sixth, seventh and eighth grade levels, Mr. Manley and Mr. Hatfield are teaching in special areas of their particular interests. Mr. Manley in Social Studies and Mr. Hatfield in Language Arts and Science.

You will be pleased to know that a careful analysis of the annual achievement test results shows that the Greenville children are making excellent academic progress when compared with children throughout the country. On the average, more than a year of academic growth took place during the past year. The average grade achievement level of children in some cases is six to eight months above the national average. In addition, the analysis shows that achievement at most grade levels is beyond that which could be expected from intelligence test scores. A comparison with similar results tabulated in 1955 shows that today 14% more children are achieving above the normal for them than was the case in 1955. These results show, without any doubt, that real academic progress is being made by the children at the school. It is felt that if the present staff could be maintained for at least another year or two, even more remarkable achievement gains could be established for Greenville children. A good part of the progress being made academically can also be accounted for by the able leadership shown by the school Principal, Mr. Manley.

At this writing, television programs are a regular part

of class instruction and the offerings will be expanded as additional programs are presented. There is no doubt that children have benefited from these offerings.

A day of outdoor education was provided for the upper rooms during the past fall. This was accomplished through cooperation with Mr. Waldo Stone, the Director of Camp Union in Greenfield. The children and teachers reacted enthusiastically to this day of outdoor experience. Outdoor instruction, when followed up in various and sundry classroom activities, has been found to greatly stimulate the interest of children in the out-of-doors and also in all academic areas.

Use of the Science Research Associates Elementary Reading Laboratory is doing much to improve the individual reading ability of children in grades four through eight. This individualized program puts children under pressure to read rapidly and to also read with full comprehension. The program is set up so that each child competes with himself and tries during each practice period to do better than he has done in his previous reading experience. All children in the upper rooms are reading on an individual basis at levels they find to be most suitable to their individual skills and abilities.

The problem of finding and holding good teachers in Greenville, and in the Supervisory Union, is an ever present one. This year, the Board has been exceedingly fortunate in the replacement found. Mr. Hatfield was hired as a result of advertising which was placed in the middle of April. All citizens should be aware, however, that a final selection was made only after a great deal of effort and energy was expended in finding and interviewing candidates well qualified to meet Greenville's needs. Greenville is always going to be on the fringe of having difficulties in finding and holding teachers because of the smallness of the school and the multiple-graded teaching assignments that are necessary. It is felt that the only real solution lies in the development of a school unit large enough to provide single grade classes. Only then will a real, stable, steady educational system be developed. Until that time, it is fair to expect that the Greenville school might well have ups and down, depending upon the teaching staff it is able to interest and hold. This, of course, is because the real key to the success of any school is directly dependent upon the quality, interest, conscientiousness and vigor of the individual teacher.

BUILDING AND GROUNDS

Generally the plant is being properly maintained. The budget for the coming school year calls for the painting of

an additional room and the installation of curtains within another room. In order to better utilize the space where the Principal's office has been, some partitions are going to be removed. This will result in a more efficient and businesslike arrangement for this area.

SPECIAL ARTICLES

Article 9 is similar to articles that have been submitted in previous Warrants offering the citizens of the community an opportunity to accept a flat fee for sending high school children to Appleton Academy. The flat fee offering at Appleton Academy calls for \$22,620.00, arrived at by multiplying the per pupil cost of \$435.00 by the fifty-two children which the Academy expects will be attending from Greenville on a full time basis. The amount the School Board has budgeted for Academy tuitions, \$24,300.00, has been arrived at by:

- (1) Using the latest estimated enrollment figure for 1961-62-60;
- (2) Multiplying by cost per pupil \$435.00; and
- (3) Reducing this amount by 7% or \$1,800.00 (one-half the average drop-out rate for Greenville of 14%).

This drop-out procedure has not been followed in the past. Previously, the Board felt that money should be provided for all of the children who it seems would attend the Academy. However, during this present year, a rather high drop-out has taken place and this is the reason for there being such a large balance estimated on hand June 30, 1961, namely \$4,500.00. The Board, therefore, has made this adjustment for drop-outs this year, feeling that it is not quite right to request money which will **probably** not be necessary for the operation of the schools. This should be well understood, however, by the citizens because it is quite possible that the drop-out factor for the coming year will **not** match the average of the previous years and require an additional expenditure for tuitions. History indicates, however, that the Board is following a course of action which is in the best interests of all the citizens of Greenville.

FINANCE

The School Board's total budget comes to \$59,943.26 which is an increase of \$1,879.35 over the budget for the present school year. Due to a considerable increase in income, mainly \$3,658.93 over that which was estimated for the present school year, the school assessment is \$1,915.88 less than the Tax Commission's figure. There are only two increases of a considerable amount in the proposed budget

as compared with the present budget. In Item 6, Teachers' Salaries, an increase of \$1,400.00 is shown. This does not indicate the real increase in teachers' salaries being budgeted because teachers were not hired during this present school year at the amount budgeted but some \$500.00 above that amount. In Item 18a, an apparent increase of \$165.00 is shown. However, this is brought about merely by a change in accounting which has been requested by the State Department of Education. In Item J in the budget, an item of a like amount will be found under income anticipated from School Milk Reimbursement. This makes the net cost of the milk program the same as that of the past.

CONCLUSION

I wish to express to the teachers of the school my personal appreciation for the diligence and devotion they have shown in their work with the children of Greenville. This conscientious application to their responsibilities has certainly greatly eased my task in fulfilling my obligation to Greenville children. The Greenville School Board has always in the past had the best interests of the children and teachers of the school in mind and have constantly expended many hours in attending to these needs. With such interest, cooperation and understanding, it is comparatively easy to understand why an excellent program of instruction is being provided in spite of the difficulties that are usually associated with the operation of a small community school.
